Your purchase of any Sound Ideas product (including downloads, hard drives or physical copies) grants you a lifetime non-transferable worldwide license for synchronization rights only for one user.

You are allowed to create a single working copy of all sounds contained in the product to store as a backup. The sounds are to be used only for the authorized purposes as defined in the Sound Ideas End User License Agreement.

If two or more (2 plus) people access your copy of our content you must purchase a Multi-user License from Sound Ideas.

The annual license fee for each additional user is \$200 per year. The license will renew on the anniversary date of your original license date. A copy of your license will be provided to you by email. It will indicate what Sound Ideas products are covered under the license and the number of additional users that are authorized to use your copy of Sound Ideas products.

TO PURCHASE A LICENSE:

Choose the number of additional users you want to add to your multi-user license and proceed to checkout to pay for your license. If you need to license more than twenty (20) additional users, please contact us for a quote.

A copy of your license will be provided to you separately by email. It will indicate what Sound Ideas products are covered under the license and the number of additional users are authorized to use the Sound Ideas products.
